The family of Jermaine Baker make the following statement:

We have very serious concerns about the circumstances in which Jermaine was shot. Our priority is to find out the truth and have anyone responsible for his death held to account. We look to the CPS to ensure that justice is done.

The family do not have any further comment to make at this stage. They request that no members of the media attempt to contact them in person, over the telephone, or by any other means. Any enquiries should be directed to their solicitor, Mr Michael Oswald at the contact details below.
